

Directed Interdisciplinary Studies

Graduation Requirements

In addition to the requirements listed below, students must satisfy:

1. the University regulations (see the *Academic Regulations of the University* section of this Calendar),
2. the common regulations applying to all B.A. students including those relating to First-Year Seminars and Breadth requirements (see *Academic Regulations for the Bachelor of Arts Degree*).

Students should consult with the Institute when selecting courses and planning their program.

Program Requirements

General Information

The degree of Bachelor of Arts in Interdisciplinary Studies is pursued by means of a plan of study proposed by the student, in an area of special interest that the student defines, drawing courses from several disciplines to develop a theme not possible within existing programs.

1. Prior to submitting a formal application, students are required to consult with the Program Co-ordinator for assistance in working out a suitable pattern of courses.
2. To allow time for adequate appraisal by the Committee, the proposal should be submitted as early as possible before the year of entry to the program (by May 1 for September registration and by November 1 for January registration).
3. Students may apply for admission to the program before completion of their first 5.0 credits and must apply before they begin their last 5.0 credits towards the degree.
4. Normally, 3.0 credits in Part B of the degree program are to be included among the last 5.0 credits taken towards the degree.
