M.A. Canadian Studies

Admission Requirements

Applicants are required to hold an Honours B.A. (or the equivalent), with at least high honours standing.

Qualifying Year

Applicants who do not qualify for direct admission to the master's program may, in exceptional cases, be admitted to a qualifying-year program. However, admission to the qualifying-year program does not imply automatic admission to the master's program. At the end of the qualifying-year program the student will be required to apply for entry into the master's program, at which time the School will determine the student's eligibility to enter the program.

Proficiency in English

Proficiency in English is necessary to pursue graduate studies at Carleton University. All applicants whose first language is not English must satisfy this requirement by presenting a TOEFL score of 600 or higher.

Language Requirement - The School requires a reading knowledge of French. This is a program requirement and not an admission requirement. This requirement may be satisfied in the following ways:

- Successful completion of FINS 3105 or its equivalent (with a grade of B- or better).
- Successful completion of a French language examination.
- Alternatively, a student may fulfill this requirement with a demonstrated knowledge of an Aboriginal language.
- The School conducts the French language examinations in September and January. Students choosing the first option should note that examination results in these courses form part of their record, although they are additional to the course requirements for the degree.

Program Requirements

The minimum requirements for the master's program are outlined in the General Regulations section of this Calendar. The School of Canadian Studies specifies that all candidates must select one of the following three program patterns:

- · 4.0 credits of coursework
- 3.0 credits plus a 1.0 credit Research Essay
- 2.0 credits plus a 2.0 credit Thesis

Students must declare their option as coursework, thesis, or research essay no later than the end of the second term

of registration for students enrolled full-time, and no later than the end of the fifth term of registration for students enrolled part-time. For students beginning their program in September the deadline is the following April 30, and for students starting in January the deadline is the following August 31.

Thesis/Research Essay Proposal

At the time of declaring their option, thesis/research essay students are encouraged to declare a preliminary topic and tentative list of potential supervisors. Thesis/research essay students must submit a research proposal to the School that has been approved by their thesis/research essay supervisor prior to registering in (CDNS 5908 [1.0]) or (CDNS 5909 [2.0]).

Ph.D. Canadian Studies

About the Program

The doctoral program is offered jointly by the School of Canadian Studies at Carleton University and the Frost Centre for Canadian Studies and Native Studies at Trent University. The program of courses and thesis guidance, drawing upon the faculty of the two academic units and universities, will encompass course requirements, comprehensive examinations, and a thesis.

Fields of Study:

- · Culture, Literature, and the Arts
- · Environment and Heritage
- · Policy, Economy and Society
- · Identities
- · Women's Studies

Academic Regulations

See the General Regulations section of this Calendar.

Academic Standing - All Ph.D. candidates must obtain at least B+ standing or better (GPA 9.0) in each course counted towards the degree. Comprehensive examinations (which will be graded on a Satisfactory, Unsatisfactory or Pass with Distinction basis) are exempted from this required standing.

Admission Requirements

Master's degree (or equivalent), with at least high honours standing in Canadian Studies or one of the disciplines represented in the School. Applicants should note, however, that meeting the admission requirement does not guarantee admission to the program.

The Ph.D. program in Canadian Studies normally will be undertaken on a full-time basis. In cases of exceptional merit, the School will accept a few candidates for the degree on a part-time basis.

Language Requirement - All doctoral students are required to pass the Ph.D. program's language test. The language test entails the translation into English of a French text (or a text in another approved language such as an Aboriginal language indigenous to Canada or another language

if it is demonstrably relevant to their research interest). The language test is two hours long, and students are permitted to use a dictionary. Grades for the language test are Pass or Fail.

Students who have taken a language test as a requirement for their M.A. cannot use it to meet the Ph.D. language requirement. In order to establish equal treatment of all students, all doctoral candidates will be required to pass the Ph.D. language test.

Program Requirements

Doctoral candidates must successfully complete 10.0 credits. Candidates with deficiencies in certain areas may be admitted to the Ph.D. program, but normally will be required to complete additional work. The specific requirements are as follows:

Ph.D. Canadian Studies (10.0 credits)

1. 1.0 credit in: 1.0

CDNS 6900 [1.0] Ph.D. Core Seminar:
Interdisciplinarity in Canadian
Studies: Concepts, Theories &
Methods

- 2. 1.0 credit in two courses or tutorials (or the equivalent)
 drawn from the graduate list offered by the School,
 below, with one 0.5-credit course drawn from each of the
 candidate's two major fields of study; a GPA of 9.0 or
 better must be obtained in these courses for students to be
 allowed to proceed to the comprehensive examinations;
- 1.0 credit in the successful completion of two 0.5-credit written comprehensive examinations. Students will be examined in two fields
- 4. Language requirement: satisfactory demonstration of an understanding of a language other than English. Although French is the preferred second language, students may be permitted to substitute an Aboriginal language indigenous to Canada or another language if it is demonstrably relevant to their research interests;
- 5. A public defence, in English, of a written thesis proposal. Following the completion of their comprehensives, students will be expected to defend a proposal of the research and analysis they plan to undertake in completing their Ph.D. thesis. The thesis proposal defence should normally occur within six months after completion of a student's comprehensive examinations and within the first 27 months of registration in the program. The thesis committee will be composed of three faculty members, always including one from each university;
- **6. 7.0 credits in** a Thesis, which must be successfully defended in English at an oral examination

7. Comprehensive Examinations - Full-time students are expected to complete their comprehensive examinations within 24 months of their initial registration in the Ph.D. program. Part-time Ph.D. students should finish their comprehensive examinations within 36 months of completing course work. Both full-time and part-time students should complete their comprehensive examinations before defending their dissertation proposal

8. Candidates are required to take an oral examination after each written examination

Total Credits 10.0

7.0

The fields of study for the Ph.D. comprehensive examinations are to be chosen from the following list:

Culture, Literature, and the Arts

A general knowledge of theories of culture in general, Canadian theoretical discourses on cultural practices, and on the interplay among theory, art, and literature, and their social contexts.

Environment and Heritage

A general knowledge of locality, landscape, environment and region in Canada.

Policy, Economy and Society

A general knowledge of the complex web of relationships linking economy, civil society, and public policy in Canada and their interaction within social, political, and cultural life.

Identities

A general knowledge of the character and experience of individual, collective and communal identities in Canada.

Women's Studies

A general knowledge of women's experiences of the major dynamics of social, political, economic and cultural development at all levels of Canadian life.

Selection of Courses - Political Economy

In addition to the graduate courses offered by, or associated with, the Institute of Political Economy, the courses listed below are relevant to students of political economy and would, with the prior approval of the Institute, be used to design a coherent and internally complementary set of courses to fulfill degree requirements. The list is not exclusive and is subject to change. Moreover, students in the Master's program may select 1.0 credit in political economy that is offered at the 4000-level.

Note: the number of spaces in graduate courses offered by other departments may be limited, and registration may be conditional upon obtaining the prior approval of the department concerned. It is the student's responsibility to ensure that permission is obtained from the appropriate department prior to registering in any of the following courses.

The Institute expects to attract high quality graduate students who will be likely to continue to a second post-graduate degree. Master's students will be directed to consult with the department where they might wish to pursue doctoral studies so that they may select courses that will prepare them for this next stage.
