Language Requirement

Students in both the BGInS Honours and BGInS General programs must satisfy the language requirement. The language requirement may be satisfied in one of two ways:

1. By course work

Students who lack second language skill upon entry, or who wish to learn a new language, can satisfy the language requirement by satisfactorily completing language instruction courses in a modern language other than English up to an intermediate level. In most cases, this means completing the equivalent of two years (2.0 credits) of university-level language study. Listed below are the specific Carleton language instruction courses which satisfy the BGInS language requirement. Courses taken at other institutions may also be used to meet the language requirement, as long as they are accepted by the Department of French or the School of Linguistics and Language Studies as being equivalent to, or at a higher level than, the courses specified below.

2. By demonstrating prior language proficiency

Students who already have intermediate or higher second language skills upon entry may be exempted from taking language courses. Students who wish to be exempted from taking language courses must apply for an exemption to the Program Director using the form available on the BGInS website. Each application will be treated on its merits, but the following general guidelines apply:

- Secondary school language of instruction: Students whose secondary school transcripts show that their primary language of instruction in secondary school was a language other than English may be exempted from taking language courses.
- French immersion: Students who have successfully completed Grade 12 French immersion or the equivalent at a Canadian high school may be exempted from taking language courses.
- Proficient speakers: Students who do not qualify under either of the first two categories, but who nonetheless consider themselves proficient speakers of a language other than English, may be exempted from having to take language courses. For languages taught at Carleton, “proficiency” means a level at least equivalent to completion of one of the designated language courses listed above. For languages not taught at Carleton, “proficiency” means a level at least equivalent to two full years of university level language study. Proficiency may be demonstrated either through documentation (e.g. certification from a recognized language testing authority) or through testing. For languages not taught at Carleton, availability of a test depends upon faculty resource availability.

Note: For students enrolled in one of the geographically-defined regional Specializations or Streams, only certain languages relevant to that region of the world may be used to satisfy the language requirement. See the program requirements in each of the regional Specializations and Streams for further details.

B.G.In.S. Regulations

The regulations presented in this section apply to all Bachelor of Global and International Studies programs.

In addition to the program requirements and requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Performance Evaluation (consult the Academic Regulations of the University section of this Calendar).

First-Year Seminars

B.G.In.S degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit of FYSM and can only register in a FYSM while they have first-year standing in their B.G.In.S program. Students who have completed the Enriched Support Program (ESP) or who are required to take a minimum of one English as a Second Language (ESLA) credit are not permitted to register in a FYSM.

Change of Specialization or Stream Within the B.G.In.S Degree

Students may change specialization or stream, or change from/to specialization or stream within the B.G.In.S. during the first or subsequent years of study if upon entry to the new specialization or stream they would be in good academic standing.

Minors

Students may apply to the Registrar's Office to be admitted to a minor during their first or subsequent years of study. Acceptance into a minor is subject to any specific requirements of the intended minor as published in the relevant Calendar entry. B.G.In.S. Honours students may take a maximum of one minor. B.G.In.S. General students may take a maximum of two minors.

Admissions Information

Admission Requirements are for the 2019-20 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the General Admission and Procedures section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the
demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Note: Courses listed as recommended are not mandatory for admission. Students who do not follow the recommendations will not be disadvantaged in the admission process.

Degrees
- Bachelor of Global and International Studies (Honours)
- Bachelor of Global and International Studies (General)

Admission Requirements

First Year
B.G.In.S. (Honours)
The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or anglais) and a FIF4U course for students applying to the Specialization in French and Francophone Studies. For applicants whose first language is not English, the requirement of English can also be met under the conditions outlined in the section English Language Requirements in the Admissions Requirements and Procedures section of this Calendar.
The cut-off average for admission will be set annually and will normally be above the minimum requirement. Applicants falling slightly below the cut-off average will be considered on an individual basis to determine whether there are special circumstances that would permit their admission. Students who feel that their high school grade average does not reflect their potential may apply to the Enriched Support Program (see the Enriched Support Program section of this Calendar).
