Psychology

Program Requirements

Psychology

B.A. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.0 credits):

1. 1.0 credit in:
   - PSYC 1001 [0.5] Introduction to Psychology I
   - PSYC 1002 [0.5] Introduction to Psychology II

2. 1.0 credit in:
   - PSYC 2001 [0.5] Introduction to Research Methods in Psychology
   - PSYC 2002 [0.5] Introduction to Statistics in Psychology

3. 0.5 credit from:
   - PSYC 2307 [0.5] Human Neuropsychology I
   - PSYC 2700 [0.5] Introduction to Cognitive Psychology

4. 0.5 credit from:
   - PSYC 2301 [0.5] Introduction to Health Psychology
   - PSYC 2801 [0.5] Organizational Psychology I

5. 1.0 credit from:
   - PSYC 2100 [0.5] Introduction to Social Psychology
   - PSYC 2400 [0.5] Introduction to Forensic Psychology
   - PSYC 2500 [0.5] Foundations of Developmental Psychology
   - PSYC 2600 [0.5] Introduction to the Study of Personality

6. 1.0 credit from:
   - PSYC 3000 [1.0] Design and Analysis in Psychological Research

7. 2.0 credits from:
   a. Thesis Stream:
      i. 1.0 credit from:
         - PSYC 3100 [1.0] Social Psychology (Honours Seminar)
         - PSYC 3300 [1.0] Health and Illness (Honours Seminar)
         - PSYC 3400 [1.0] Forensic Psychology (Honours Seminar)
         - PSYC 3500 [1.0] Developmental Psychology (Honours Seminar)
         - PSYC 3600 [1.0] Personality (Honours Seminar)
         - PSYC 3700 [1.0] Cognition (Honours Seminar)
         - PSYC 3805 [1.0] Organizational Psychology (Honours Seminar)
      ii. 1.0 credit in:
         - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   or
   b. Project Stream
      i. 1.0 credit in PSYC at 3000-level or higher
      ii. 1.0 credit in:
         - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

8. 1.0 credit in PSYC at 3000-level or higher

9. 1.0 credit in PSYC

B. Credits Not Included in the Major CGPA (11.0 credits):

10. 2.0 credits from BIOL, CHEM, COMP, ERTH, ISCI, MATH, NEUR, PHYS, STAT, or TSES

11. 3.0 credits at the 2000 level and above, not in PSYC

12. 3.0 credits, not in PSYC

13. 3.0 credits free electives

Total Credits 20.0

Note: Registration in the seminars in Requirement 6 a) i) requires a Major CGPA of at least 9.00. Registration in the thesis course PSYC 4908 [1.0] requires a Major CGPA of at least 10.00.

Psychology

B.A. Combined Honours (20.0 credits)

A. Credits Included in the Major CGPA (7.0 credits):

1. 1.0 credit in:
   - PSYC 1001 [0.5] Introduction to Psychology I
   - PSYC 1002 [0.5] Introduction to Psychology II

2. 1.0 credit in:
   - PSYC 2001 [0.5] Introduction to Research Methods in Psychology
   - PSYC 2002 [0.5] Introduction to Statistics in Psychology

3. 0.5 credit from:
   - PSYC 2307 [0.5] Human Neuropsychology I
   - PSYC 2700 [0.5] Introduction to Cognitive Psychology

4. 0.5 credit from:
   - PSYC 2301 [0.5] Introduction to Health Psychology
   - PSYC 2801 [0.5] Organizational Psychology I

5. 1.0 credit from:
   - PSYC 2100 [0.5] Introduction to Social Psychology
   - PSYC 2400 [0.5] Introduction to Forensic Psychology
   - PSYC 2500 [0.5] Foundations of Developmental Psychology
   - PSYC 2600 [0.5] Introduction to the Study of Personality

6. 1.0 credit from:
   - PSYC 3000 [1.0] Design and Analysis in Psychological Research

7. 2.0 credits from:
   a. Thesis Stream:
      i. 1.0 credit from:
         - PSYC 3100 [1.0] Social Psychology (Honours Seminar)
         - PSYC 3300 [1.0] Health and Illness (Honours Seminar)
         - PSYC 3400 [1.0] Forensic Psychology (Honours Seminar)
         - PSYC 3500 [1.0] Developmental Psychology (Honours Seminar)
         - PSYC 3600 [1.0] Personality (Honours Seminar)
         - PSYC 3700 [1.0] Cognition (Honours Seminar)
         - PSYC 3805 [1.0] Organizational Psychology (Honours Seminar)
      ii. 1.0 credit in:
         - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   or
   b. Project Stream
      i. 1.0 credit in PSYC at 3000-level or higher
      ii. 1.0 credit in:
         - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

8. 1.0 credit in PSYC at 3000-level or higher

9. 1.0 credit in PSYC
or

b. Project Stream
i. 1.0 credit in PSYC at 3000-level or higher
ii. 1.0 credit in:

PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

B. Additional Requirements (13.0 credits):

8. The requirements for Combined Honours in the other discipline must be satisfied.
9. Sufficient credits not in PSYC or other discipline to meet program requirements (depends on discipline, see advisor)
10. 2.0 credits from BIOL, CHEM, COMP, ERTH, ISCI, MATH, NEUR, STAT, PHYS or TSES
11. Sufficient free electives to make 20.0 credits total for the program

Total Credits 20.0

Notes:
1. All students in B.A. Combined Honours Psychology must complete an Honours Project in either Psychology or the other discipline.
2. Students who choose to complete PSYC 4908 or PSYC 4910 to meet Item 7 must also complete Items 2 and 6.
3. For Item 8 above, please consult with an advisor in the Department of Psychology for acceptable alternatives to PSYC 4910 and PSYC 4908. If Item 8 is completed in the other discipline, Items 2 and 6 above may be replaced by credits from the other discipline with the permission of the Department of Psychology. In this case, replacement credits in Psychology must be completed so that a minimum of 7.0 credits in Psychology is presented at graduation.

Concentration in Cognitive Psychology (3.5 credits)

This concentration is open to all students in the B.A. Honours Psychology or B.Sc. Honours Psychology program. Only one concentration may be taken in a Psychology program. A maximum of 12.0 credits may be counted towards a B.A. or B.Sc. Honours Psychology degree.

1. 0.5 credit in:

PSYC 2700 [0.5] Introduction to Cognitive Psychology

2. 3.0 credits from:

CGSC 3201 [0.5] Empirical Issues in Cognitive Science
PSYC 2307 [0.5] Human Neuropsychology I
PSYC 3307 [0.5] Human Neuropsychology II
PSYC 3506 [0.5] Cognitive Development
PSYC 3508 [0.5] Child Language
PSYC 3700 [1.0] Cognition (Honours Seminar)
PSYC 3702 [0.5] Perception
PSYC 3709 [0.5] Language Processing and the Brain
PSYC 3710 [0.5] Introduction to Human Factors
PSYC 3901 [0.5] Practicum in Community Psychology

Total Credits 3.5

Notes:
1. If PSYC 3901 or PSYC 3902 are presented in partial fulfillment of Item 2 above, the placements must be consistent with the theme of the concentration.
2. If PSYC 4900 or PSYC 4902 are presented in partial fulfillment of Item 2 above, the focus of the independent study must be consistent with the theme of the concentration.
3. If PSYC 4907, PSYC 4908, PSYC 4909 or PSYC 4910 are presented in partial fulfillment of Item 2 above, the focus of the thesis or project must be consistent with the theme of the concentration.

Concentration in Developmental Psychology (3.5 credits)

This concentration is open to all students in the B.A. Honours Psychology or B.Sc. Honours Psychology program. Only one concentration may be taken in a Psychology program. A maximum of 12.0 credits may be counted towards a B.A. or B.Sc. Honours Psychology degree.

1. 0.5 credit in:

PSYC 2500 [0.5] Foundations of Developmental Psychology

2. 3.0 credits from:

PSYC 3500 [1.0] Developmental Psychology (Honours Seminar)
PSYC 3505 [0.5] Exceptional Children
PSYC 3506 [0.5] Cognitive Development
PSYC 3507 [0.5] Social Development
PSYC 3508 [0.5] Child Language
PSYC 3509 [0.5] Adolescence and Emerging Adulthood
PSYC 3901 [0.5] Practicum in Community Psychology
PSYC 3902 [0.5] Practicum in Community Psychology
PSYC 4001 [0.5] Special Topics in Psychology
PSYC 4500 [0.5] Advanced Topics in Developmental Psychology
PSYC 4900 [0.5] Independent Study
PSYC 4902 [0.5] Independent Study
PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology

Total Credits 3.5

Notes:
1. If PSYC 3901 or PSYC 3902 are presented in partial fulfillment of Item 2 above, the placements must be consistent with the theme of the concentration.
2. If PSYC 4900 or PSYC 4902 are presented in partial fulfillment of Item 2 above, the focus of the independent study must be consistent with the theme of the concentration.
3. If PSYC 4907, PSYC 4908, PSYC 4909 or PSYC 4910 are presented in partial fulfillment of Item 2 above, the focus of the thesis or project must be consistent with the theme of the concentration.
### Concentration in Forensic Psychology (3.5 credits)

This concentration is open to all students in the B.A. Honours Psychology or B.Sc. Honours Psychology program. Only one concentration may be taken in a Psychology program. A maximum of 12.0 credits may be counted towards a B.A. or B.Sc. Honours Psychology degree.

1. **1.0 credit in:**
   - PSYC 2400 [0.5] Introduction to Forensic Psychology
   - PSYC 3402 [0.5] Criminal Behaviour

2. **2.5 credits from:**
   - PSYC 3400 [1.0] Forensic Psychology (Honours Seminar)
   - PSYC 3403 [0.5] Addiction
   - PSYC 3901 [0.5] Practicum in Community Psychology
   - PSYC 3902 [0.5] Practicum in Community Psychology
   - PSYC 4001 [0.5] Special Topics in Psychology
   - PSYC 4402 [0.5] Police Psychology
   - PSYC 4403 [0.5] Female Offenders
   - PSYC 4404 [0.5] Sex Offenders
   - PSYC 4900 [0.5] Independent Study
   - PSYC 4902 [0.5] Independent Study
   - PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology
   - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   - PSYC 4909 [1.0] Project for B.Sc. with Honours in Psychology
   - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

**Total Credits:** 3.5

**Notes:**

1. If PSYC 3901 or PSYC 3902 are presented in partial fulfillment of Item 2 above, the placements must be consistent with the theme of the concentration.
2. If PSYC 4900 or PSYC 4902 are presented in partial fulfillment of Item 2 above, the focus of the independent study must be consistent with the theme of the concentration.
3. If PSYC 4907, PSYC 4908, PSYC 4909 or PSYC 4910 are presented in partial fulfillment of Item 2 above, the focus of the thesis or project must be consistent with the theme of the concentration.
4. If PSYC 4001 is presented in partial fulfillment of Item 2 above, the focus of the special topic must be consistent with the theme of the concentration.
focus of the thesis or project must be consistent with the theme of the concentration.

4. If PSYC 4001 is presented in partial fulfillment of Item 2 above, the focus of the special topic must be consistent with the theme of the concentration.

**Concentration in Organizational Psychology (3.5 credits)**

This concentration is open to all students in the B.A. Honours Psychology or B.Sc. Honours Psychology program. Only one concentration may be taken in a Psychology program. A maximum of 12.0 credits may be counted towards a B.A. or B.Sc. Honours Psychology degree.

1. 0.5 credit in:
   - PSYC 2801 [0.5] Organizational Psychology I
2. 3.0 credits from:
   - PSYC 2100 [0.5] Introduction to Social Psychology
   - PSYC 3801 [0.5] Organizational Psychology II
   - PSYC 3802 [0.5] Transition to Career
   - PSYC 3805 [1.0] Organizational Psychology (Honours Seminar)
   - PSYC 3901 [0.5] Practicum in Community Psychology
   - PSYC 3902 [0.5] Practicum in Community Psychology
   - PSYC 4001 [0.5] Special Topics in Psychology
   - PSYC 4801 [0.5] Introduction to Social Psychology
   - PSYC 4802 [0.5] Introduction to Statistics in Psychology
   - PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology
   - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   - PSYC 4909 [1.0] Project for B.Sc. with Honours in Psychology
   - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

Total Credits 3.5

**Notes:**

1. If PSYC 3901 or PSYC 3902 are presented in partial fulfillment of Item 2 above, the placements must be consistent with the theme of the concentration.

2. If PSYC 4001 is presented in partial fulfillment of Item 2 above, the special topic must be consistent with the theme of the concentration.

3. If PSYC 4900 or PSYC 4902 are presented in partial fulfillment of Item 2 above, the focus of the independent study must be consistent with the theme of the concentration.

4. If PSYC 4907, PSYC 4908, PSYC 4909 or PSYC 4910 are presented in partial fulfillment of Item 2 above, the focus of the thesis or project must be consistent with the theme of the concentration.

**Concentration in Social/Personality Psychology (3.5 credits)**

This concentration is open to all students in the B.A. Honours Psychology or B.Sc. Honours Psychology program. Only one concentration may be taken in a Psychology program. A maximum of 12.0 credits may be counted towards a B.A. or B.Sc. Honours Psychology degree.

1. 1.0 credit in:
   - PSYC 2100 [0.5] Introduction to Social Psychology
   - PSYC 2600 [0.5] Introduction to the Study of Personality
2. 2.5 credits from:
   - PSYC 3100 [1.0] Social Psychology (Honours Seminar)
   - PSYC 3104 [0.5] Intergroup Relations: The Psychology of Conflict and Violence
   - PSYC 3106 [0.5] Close Relationships
   - PSYC 3302 [0.5] Positive Psychology
   - PSYC 3405 [0.5] Psychology of Motivation and Emotion
   - PSYC 3600 [1.0] Personality (Honours Seminar)
   - PSYC 3603 [0.5] Psychology of Women
   - PSYC 3606 [0.5] Issues in Personality
   - PSYC 4001 [0.5] Special Topics in Psychology
   - PSYC 4900 [0.5] Independent Study
   - PSYC 4902 [0.5] Independent Study
   - PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology
   - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   - PSYC 4909 [1.0] Project for B.Sc. with Honours in Psychology
   - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

Total Credits 3.5

**Notes:**

1. If PSYC 4001 is presented in partial fulfillment of Item 2 above, the focus of the special topic must be consistent with the theme of the concentration.

2. If PSYC 4900 or PSYC 4902 are presented in partial fulfillment of Item 2 above, the focus of the independent study must be consistent with the theme of the concentration.

3. If PSYC 4907, PSYC 4908, PSYC 4909 or PSYC 4910 are presented in partial fulfillment of Item 2 above, the focus of the thesis or project must be consistent with the theme of the concentration.

**Psychology B.A. General (15.0 credits)**

**A. Credits Included in the Major CGPA (6.0 credits):**

1. 1.0 credit in:
   - PSYC 1001 [0.5] Introduction to Psychology I
   - PSYC 1002 [0.5] Introduction to Psychology II
2. 1.0 credit in:
   - PSYC 2001 [0.5] Introduction to Research Methods in Psychology
   - PSYC 2002 [0.5] Introduction to Statistics in Psychology
3. 0.5 credit from:
   - PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology
   - PSYC 4908 [1.0] Thesis for B.A. with Honours in Psychology
   - PSYC 4909 [1.0] Project for B.Sc. with Honours in Psychology
   - PSYC 4910 [1.0] Project for B.A. with Honours in Psychology

Total Credits 15.0
4. 0.5 credit from:
PSYC 2301 [0.5] Introduction to Health Psychology
PSYC 2801 [0.5] Organizational Psychology I

5. 1.0 credit from:
PSYC 2100 [0.5] Introduction to Social Psychology
PSYC 2400 [0.5] Introduction to Forensic Psychology
PSYC 2500 [0.5] Foundations of Developmental Psychology
PSYC 2600 [0.5] Introduction to the Study of Personality

6. 1.0 credit in PSYC at 3000-level or above

7. 1.0 credit in PSYC

B. Credits Not Included in the Major CGPA (9.0 credits):
8. 4.0 credits, not in PSYC
9. 3.0 credits at the 2000-level and above, not in PSYC
10. 2.0 credits in free electives

Total Credits

15.0

---

Course Categories for B.Sc. Programs

The program description for B.Sc. Psychology makes use of the course categories defined for all B.Sc. programs (see Academic Regulations for the Bachelor of Science Degree):

• Science Faculty Electives
• Science Continuation Courses
• Free Elective

Psychology

B.Sc. Honours (20.0 credits)

A. Credits Included in the Major CGPA (9.0 credits):
1. 1.0 credit in:
PSYC 1001 [0.5] Introduction to Psychology I
PSYC 1002 [0.5] Introduction to Psychology II

2. 1.0 credit in:
PSYC 2001 [0.5] Introduction to Research Methods in Psychology
PSYC 2002 [0.5] Introduction to Statistics in Psychology

3. 0.5 credit from:
PSYC 2307 [0.5] Human Neuropsychology I
PSYC 2700 [0.5] Introduction to Cognitive Psychology

4. 0.5 credit from:
PSYC 2301 [0.5] Introduction to Health Psychology
PSYC 2801 [0.5] Organizational Psychology I

5. 1.0 credit from:
PSYC 2100 [0.5] Introduction to Social Psychology
PSYC 2400 [0.5] Introduction to Forensic Psychology
PSYC 2500 [0.5] Foundations of Developmental Psychology
PSYC 2600 [0.5] Introduction to the Study of Personality

6. 1.0 credit in:
PSYC 3000 [1.0] Design and Analysis in Psychological Research

7. 2.0 credits from:
a. Thesis Stream
i. 1.0 credit from:
PSYC 3100 [1.0] Social Psychology (Honours Seminar)
PSYC 3300 [1.0] Health and Illness (Honours Seminar)
PSYC 3400 [1.0] Forensic Psychology (Honours Seminar)
PSYC 3500 [1.0] Developmental Psychology (Honours Seminar)
PSYC 3600 [1.0] Personality (Honours Seminar)
PSYC 3700 [1.0] Cognition (Honours Seminar)
PSYC 3805 [1.0] Organizational Psychology (Honours Seminar)

ii. 1.0 credit in:
PSYC 4907 [1.0] Thesis for B.Sc. with Honours in Psychology

or

b. Project Stream
i. 1.0 credit in PSYC at 3000-level or higher
ii. 1.0 credit in:
PSYC 4909 [1.0] Project for B.Sc. with Honours in Psychology

8. 1.0 credit in PSYC at 3000-level or higher
9. 1.0 credit in PSYC

B. Credits Not Included in the Major CGPA (11.0 credits):
10. 1.0 credit in:
MATH 1007 [0.5] Elementary Calculus I
MATH 1107 [0.5] Linear Algebra I

11. 2.0 credits from:
Biol 1103 [0.5] Foundations of Biology I
& Biol 1104 [0.5] Foundations of Biology II
Chem 1001 [0.5] General Chemistry I
& Chem 1002 [0.5] General Chemistry II
Chem 1005 [0.5] Elementary Chemistry I
& Chem 1006 [0.5] Elementary Chemistry II
Geog 1010 [0.5] Global Environmental Systems
Erth 1006 [0.5] Exploring Planet Earth
Erth 1009 [0.5] The Earth System Through Time
Phys 1007 [0.5] Elementary University Physics I
& Phys 1008 [0.5] Elementary University Physics II
Phys 1003 [0.5] Introductory Mechanics and
& Phys 1004 [0.5] Thermodynamics
Introductory Electromagnetism and Wave Motion

12. 1.0 credit from Science Faculty Electives or from
a discipline other than Psychology outside the faculties of Science and Engineering and Design (NSCI 1000 recommended)

13. 2.0 credits from a discipline other than Psychology
outside the faculties of Science and Engineering and Design

14. 1.0 credit in Science Continuation (not PSYC)

15. 1.0 credit in Biol, Chem, Erth, Math, Stat or
Phys at the 2000-level or above

16. 3.0 credits in free electives

Total Credits

20.0
Note: registration in the seminars in Item 7 a) i) requires a Major CGPA of at least 9.0. Registration in the thesis course PSYC 4907 [1.0] requires a Major CGPA of at least 9.0.

Minor in Psychology
Open to all undergraduate students in programs other than Psychology.

Requirements
1.0 credit in:
- PSYC 1001 [0.5] Introduction to Psychology I
- PSYC 1002 [0.5] Introduction to Psychology II
1.0 credit in:
- PSYC 2001 [0.5] Introduction to Research Methods in Psychology
- PSYC 2002 [0.5] Introduction to Statistics in Psychology
3. 2.0 credits in PSYC at the 2000-level or above
4. The remaining requirements of the major discipline(s) and degree must be satisfied.

Total Credits 4.0

B.A. Regulations
The regulations presented below apply to all Bachelor of Arts programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Performance Evaluation (consult the Academic Regulations of the University section of this Calendar).

First-Year Seminars
B.A. degree students are strongly encouraged to include a First-Year Seminar (FYSM) during their first 4.0 credits of registration. Students are limited to 1.0 credit in FYSM and can only register in a FYSM while they have first-year standing in their B.A. program. Students who have completed the Enriched Support Program (ESP) or who are required to take a minimum of one English as a Second Language (ESLA) credit are not permitted to register in a FYSM.

Breadth Requirement
Among the credits presented at graduation, students in both the B.A. General and the B.A. Honours degrees and B.Co.M.S. are required to include 3.0 breadth credits, including 1.0 credit from each of three of the four Breadth Areas identified below. Credits that fulfill requirements in the Major, Minor, Concentration or Specialization may be used to fulfill the Breadth Requirement.

Students admitted with a completed university degree are exempt from breadth requirements.

Students in the following interdisciplinary programs are exempt from the B.A. breadth requirement.
- African Studies
- Criminology and Criminal Justice
- Environmental Studies
- Human Rights

Breadth Area 1: Culture and Communication
American Sign Language, Art History, Art and Culture, Communication and Media Studies, Comparative Literary Studies, English, Film Studies, French, Journalism, Music, and Languages (Arabic, English as a Second Language, German, Greek, Hebrew, Indigenous Languages, Italian, Japanese, Korean, Latin, Mandarin, Portuguese, Russian, Spanish)

Subject codes: ARAB, ARTH, ASLA, CHIN, CLST, COMS, ENGL, ESA, FILM, FINS, FREN, GERM, GREK, HEBR, ITAL, JAPA, JOUR, LANG, LATIN, MUSI, PORT, RUSS, SPAN

Breadth Area 2: Humanities

Subject codes: AFRI, ALDS, CDNS, CHST, CLCV, DBST, DIST, EURL, HIST, HUMR, HUMS, INDG, LACS, LING, MEMS, PHI, RELI, SAST, SEXT, WGST

Breadth Area 3: Science, Engineering, and Design

Subject codes: AERO, ARCC, ARCH, ARCN, ARCS, ARCU, BIOL, CHEM, CIVE, CMPS, COMP, ECOR, ELEC, ENSC, ENVE, ERTH, FOOD, HLTH, IDES, ISCI, ISYS, MAAE, MATH, MECH, NEUR, NSCI, PHYS, SREE, STAT, SYSC, TSES

Breadth Area 4: Social Sciences

Subject codes: ANTH, BUSI, CGSC, CRCJ, ECON, ENST, GEOG, GEOM, GINS, GPol, IANP, IPAF, LAWS, MGDS, PADM, PAPM, POLM, PSCI, PSYC, SOCI, SOWK

Declared and Undeclared Students
Students who are registered in a program within the degree are called Declared students. Most students designate a program of study when they first apply for admission and so begin their studies as Declared students. Students may also choose to begin their studies within the B.A. degree without being registered in a program. These students are referred to as Undeclared. The recommended course pattern for Undeclared students is outlined under Undeclared in the Programs section of
this Calendar. Undeclared students must apply to enter a program before beginning their second year of study. The Student Academic Success Centre offers support to Undeclared students in making this decision.

Change of Program Within the B.A. Degree
Students may transfer to a program within the B.A. degree, if upon entry to the new program they would be in Good Standing. Other applications for change of program will be considered on their merits; students may be admitted to the new program in Good Standing or on Academic Warning. Students may apply to declare or change their program within the B.A. Degree at the Registrar’s Office according to the published deadlines. Acceptance into a program or into a program element or option is subject to any enrollment limitations, specific program, program element or option requirements, as published in the relevant Calendar entry.

Minors, Concentrations and Specializations
Students may apply to the Registrar’s Office to be admitted to a minor, concentration or specialization during their first or subsequent years of study. Acceptance into a minor, concentration or specialization is subject to any specific requirements of the intended Minor, Concentration or Specialization as published in the relevant Calendar entry. Acceptance into a Concentration or Specialization requires that the student be in Good Standing.

Mention : Français
Students registered in certain B.A. programs may earn the notation Mention : Français by completing part of their requirements in French and by demonstrating a knowledge of the history and culture of French Canada. The general requirements are listed below. For more specific details consult the departmental program entries. Students in a B.A. Honours program must present:

1. 1.0 credit in French language;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level and 1.0 credit at the 4000-level in the Honours discipline taken in French.

Students in a B.A. General program must present:

1. 1.0 credit in advanced French;
2. 1.0 credit devoted to the history and culture of French Canada;
3. 1.0 credit at the 2000- or 3000-level in the Major discipline taken in French.

Students in Combined Honours programs must fulfill the Mention : Français requirement in both disciplines.

Courses taught in French (Item 3, above) may be taken at Carleton, at the University of Ottawa on the Exchange Agreement, or at a francophone university on a Letter of Permission. Students planning to take courses on exchange or on a Letter of Permission should take careful note of the residence requirement for a minimum number of Carleton courses in their programs. Consult the Academic Regulations of the University section of this Calendar for information regarding study on Exchange or Letter of Permission.

B.Sc. Regulations
The regulations presented in this section apply to all Bachelor of Science programs. In addition to the requirements presented here, students must satisfy the University regulations common to all undergraduate students including the process of Academic Performance Evaluation (see the Academic Regulations of the University section of this Calendar).

Breadth Requirement for the B.Sc.
Students in Bachelor of Science Honours, Major, or General programs must present the following credits at graduation:

1. 2.0 credits in Science Continuation courses not in the major discipline or disciplines;
2. 2.0 credits in approved courses outside of the faculties of Science and Engineering and Design (but may include NSCI 1000)

In most cases, the requirements for individual B.Sc. programs, as stated in this Calendar, contain these requirements, explicitly or implicitly.

Students admitted to B.Sc. programs by transfer from another institution must present at graduation (whether taken at Carleton or elsewhere):

1. 2.0 credits in approved courses outside of the faculties of Science and Engineering and Design (but may include NSCI 1000) if, on transfer, the student received credit for fewer than 10.0 credits.
2. 1.0 credit in approved courses outside of the faculties of Science and Engineering and Design (but may include NSCI 1000) if, on transfer, the student received credit for 10.0 or more credits.

Declared and Undeclared Students
Students who are registered in a program within the degree are called Declared students. Most students designate a program of study when they first apply for admission and so begin their studies as Declared students. Students may also choose to begin their studies within the B.Sc. degree without being registered in a program. These students are referred to as Undeclared students. The recommended course pattern for Undeclared students is provided in the Undeclared entry of the Programs section of this Calendar. Undeclared students normally must apply to enter a program before beginning their second year of study. The Science Student Success Centre (SSSC) provides Undeclared students guidance to the appropriate support services in making this decision.

Change of Program within the B.Sc. Degree
Students may transfer to a program within the B.Sc. degree if upon entry to the new program they would be in good academic standing.

Other applications for change of program will be considered on their merits; students may be accepted
in the new program in Good Standing or on Academic Warning.

Applications to declare or change their program within the B.Sc. Degree must be made online through Carleton Central by completing a Change of Program Elements (COPE) application form within the published deadlines. Acceptance into a program or into a program element or option is subject to any enrolment, and/or specific program, program element or option requirements as published in the relevant Calendar entry.

Minors, Concentrations and Specializations
Students may add a minor, concentration or specialization by completing a Change of Program Elements (COPE) application form online through Carleton Central. Acceptance into a minor, concentration or specialization requires that the student be in Good Standing and is subject to any specific requirements of the intended Minor, Concentration or Specialization as published in the relevant Calendar entry.

Experimental Science Requirement
Students in B.Sc. Honours, Major, or General degree programs must present at graduation at least two full credits of experimental science chosen from two different departments or institutes from the list below:

### Science Continuation Courses
A course at the 2000 level or above may be used as a Science Continuation credit in a B.Sc. program if it is not in the student's major discipline, and is chosen from the following:

- BIOC (Biochemistry)
- BIOL (Biology)
- CHEM (Chemistry)
- COMP (Computer Science) A maximum of two half-credits at the 1000-level in COMP, excluding COMP 1001 may be used as Science Continuation credits.
- ERTH (Earth Sciences) except ERTH 2415 which may be used only as a free elective for any B.Sc. program. Students in Earth Sciences programs may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
- Engineering. Students wishing to register in Engineering courses must obtain the permission of the Faculty of Engineering and Design.
- ENSC (Environmental Science)
- FOOD (Food Science and Nutrition)
- GEOM (Geomatics)
- HLTH (Health Sciences)
- MATH (Mathematics)
- NEUR (Neuroscience)
- PHYS (Physics) except PHYS 1901, PHYS 1902, PHYS 1905, PHYS 2903
- Science Geography (see list above)
- Science Psychology (see list above)
- STAT (Statistics)
- TSES (Technology, Society, Environment) Biology General, Major and Honours students may use these courses only as free electives.

### Advanced Science Faculty Electives
Advanced Science Faculty Electives are courses at the 2000-4000 level chosen from the Science Faculty Electives list above.

### Approved Courses Outside the Faculties of Science and Engineering and Design (may include NSCI 1000)
All courses offered by the Faculty of Arts and Social Sciences, the Faculty of Public Affairs, and the Sprott School of Business are approved as Arts or Social Sciences courses EXCEPT FOR: All Science Geography courses (see list above), all Geomatics (GEOM) courses, all Science Psychology courses (see list above). NSCI 1000 may be used as an Approved Course Outside the Faculties of Science and Engineering and Design.

### Free Electives
Any course is allowable as a Free Elective providing it is not prohibited (see below). Students are expected to comply with prerequisite requirements and enrolment restrictions for all courses as published in this Calendar.

### Courses Allowable Only as Free Electives in any B.Sc. Program
- CHEM 1003 [0.5] | The Chemistry of Food, Health and Drugs |
- CHEM 1004 [0.5] | Drugs and the Human Body |
- CHEM 1007 [0.5] | Chemistry of Art and Artifacts |
- ERTH 1010 [0.5] | Our Dynamic Planet Earth |
- ERTH 1011 [0.5] | Evolution of the Earth |
- ERTH 2415 [0.5] | Natural Disasters |
- ISCI 1001 [0.5] | Introduction to the Environment |
- ISCI 2000 [0.5] | Natural Laws |
- ISCI 2002 [0.5] | Human Impacts on the Environment |
- MATH 0107 [0.5] | Algebra and Geometry |
- PHYS 1901 [0.5] | Planetary Astronomy |
- PHYS 1902 [0.5] | From our Star to the Cosmos |
- PHYS 1903 [0.5] | How Things Work: Physics in Everyday Life |
- PHYS 1905 [0.5] | Physics and the Imagination |

### Prohibited Courses
ERTH (Earth Sciences) except ERTH 1010, ERTH 1011 and ERTH 2415. Earth Sciences students may use ERTH 2401, ERTH 2402, and ERTH 2403 only as free electives.
The following courses are not acceptable for credit in any B.Sc. program:

<table>

<td>Elementary Mathematics for Economics II</td>
</tr>
</tbody>
</table>

**Co-operative Education**

Co-operative Education is based on the principle that academic study combined with alternating work periods is an effective method of professional preparation. Work periods at various points in the academic program allow students to acquire experience within their discipline. The Co-operative Education program is a complement to the students' academic studies.

**Application Requirements**

Students can apply to co-op in one of two ways; directly from high school or after beginning a degree program at Carleton. If a student is admitted to co-op from high school, their grades will be reviewed two terms to one year prior to their first work term to ensure they continue to meet the academic requirements after their 1st or 2nd year of study. The time at which evaluation takes place depends on the program of study. Students will automatically be notified via their Carleton email account if they are permitted to continue.

Students not admitted to Carleton University with the co-op option on their degree can apply for admission via the co-operative education program website. To view application deadlines, visit carleton.ca/co-op.

Admission to the co-op option is based on the completion of 5.0 or more credits at Carleton University, the CGPA requirement for the students' academic program as well as any course prerequisites. The articulated CGPA for each program is the normal standard for assessment. Please see the specific degree program sections for the unique admission and continuation requirements for each academic program.

**English Language Proficiency**

Students admitted to Carleton based on CAEL, IELTS or TOEFL assessments and who are required to take an ESL course must take and pass the Oral Proficiency in Communicative Settings (OPECS) Test. The test must be taken before being permitted to register in COOP 1000. Admission to the co-op program can be confirmed with a minimum score of 4+.

**Participation Requirements**

Once a student has been given admission or continuation confirmation to the co-op option s/he must complete and pass COOP 1000 (a mandatory online 0.0 credit course). Students will have access to this course a minimum of two terms prior to their first work term and will be notified when to register.

**Communication with the Co-op Office**

Students must maintain contact with the co-op office during their job search and while on a work term. All email communication will be conducted via the students' Carleton email account.

**Graduation with the Co-op Designation**

In order to graduate with the co-op designation, students must satisfy all requirements for their degree program in addition to the requirements according to each co-op program (i.e. successful completion of three or four work terms).

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

**Employment**

Although every effort is made to ensure a sufficient number of job postings for all students enrolled in the co-op option of their degree program, no guarantee of employment can be made. Carleton's co-op program operates a competitive job search process and is dependent upon current market conditions. Academic performance, skills, motivation, maturity, attitude and potential will determine whether a student is offered a job. It is the student's responsibility to actively conduct a job search in addition to participation in the job search process operated by the co-op office. Once a student accepts a co-op job offer (verbally or written), his/her job search will end and access to co-op jobs will be removed for that term. Students that do not successfully obtain a co-op work term are expected to continue with their academic studies. The summer term is the exception to this rule. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Federal Government of Canada.

**Work Term Assessment and Evaluation**

To obtain a Satisfactory grade for the co-op work term students must have:

1. A satisfactory work term evaluation by the co-op employer;
2. A satisfactory grade on the work term report.

Students must submit a work term report at the completion of each four-month work term. Reports are due on the 16th of April, August, and December and students are notified of due dates through their Carleton email account.

Workplace performance will be assessed by the workplace supervisor. Should a student receive an unsatisfactory rating from their co-op employer, an investigation by the co-op program manager will be undertaken. An unsatisfactory employer evaluation does not preclude a
student from achieving an overall satisfactory rating for the work term.

**Voluntary Withdrawal from the Co-op Option**

Students may withdraw from the co-op option of their degree program during a study term ONLY. Students at work may not withdraw from the work term or the co-op option until s/he has completed the requirements of the work term.

Students are eligible to continue in their regular academic program provided that they meet the academic standards required for continuation.

**Involuntary or Required Withdrawal from the Co-op Option**

Students may be required to withdraw from the co-op option of their degree program for one or any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000
2. Failure to pay all co-op related fees
3. Failure to actively participate in the job search process
4. Failure to attend all interviews for positions to which the student has applied
5. Declining more than one job offer during the job search process
6. Continuing a job search after accepting a co-op position
7. Failure to be registered in the Co-op Work Term course
8. Dismissal from a work term by the co-op employer
9. Leaving a work term without approval by the Co-op manager
10. Receipt of an unsatisfactory work term evaluation
11. Submission of an unsatisfactory work term report

**Standing and Appeals**

The Co-op and Career Services office administers the regulations and procedures that are applicable to all co-op program options. All instances of a student’s failure during a work term or other issues directly related to their participation in the co-op option will be reported to the academic department.

Any decision made by the Co-op and Career Services office can be appealed via the normal appeal process within the University.

**Registering in Co-op Courses**

Students will be registered in a Co-op Work Term course while at work. The number of Co-op Work Term courses that a student is registered in is dependent upon the number of four-month work terms that a student accepts.

Students must be registered as full-time before they begin their co-op job search (2.0 credits). All co-op work terms must be completed before the beginning of the final academic term. Students may not finish their degree on a co-op work term.

**International Students**

All International Students are required to possess a Co-op Work Permit issued by Citizenship and Immigration Canada before they can begin working. It is illegal to work in Canada without the proper authorization. Students will be provided with a letter of support to accompany their application. Students must submit their application for their permit before being permitted to view and apply for jobs on the Co-op Services database. Confirmation of a position will not be approved until a student can confirm they have received their permit. Students are advised to discuss the application process and requirements with the International Student Services Office.

**Bachelor of Arts (B.A.) Program**

The following Bachelor of Arts Honours programs offer a co-operative education option: Anthropology, Applied Economics and Economics, English, Environmental Studies, European and Russian Studies, French, Geography, Geography with a Concentration in Physical Geography, Geomatics, History, Law (concentrations in Business Law and Law, Policy and Government only), Political Science, Psychology and Sociology.

To obtain the co-op designation in these programs students must successfully complete three (3) work terms.

**B.A. General Co-op Admission and Continuation Requirements**

For admission to and continuation in the co-op option, all students must:

- Maintain full-time status in each study term (2.0 credits);
- Be eligible to work in Canada (for off-campus work)
- Have successfully completed COOP 1000 [0.0]

**B.A. Program-Specific Admission and Continuation Requirements**

**Psychology**

1. Have an overall minimum CGPA of 9.50 and a major CGPA of 9.5 at the end of first year of academic study
2. Have second-year standing
3. Have successfully completed, by the start-date of the first work term, PSYC 2001 and PSYC 2002

**Co-operative Education**

Co-operative Education is based on the principle that academic study combined with alternating work periods is an effective method of professional preparation. Work periods at various points in the academic program allow students to acquire experience within their discipline. The
Co-operative Education program is a complement to the students’ academic studies.

Application Requirements
Students can apply to co-op in one of two ways: directly from high school or after beginning a degree program at Carleton.

If a student is admitted to co-op from high school, their grades will be reviewed two terms to one year prior to their first work term to ensure they continue to meet the academic requirements after their 1st or 2nd year of study. The time at which evaluation takes place depends on the program of study. Students will automatically be notified via their Carleton email account if they are permitted to continue.

Students not admitted to Carleton University with the co-op option on their degree can apply for admission via the co-operative education program website. To view application deadlines, visit carleton.ca/co-op.

Admission to the co-op option is based on the completion of 5.0 or more credits at Carleton University, the CGPA requirement for the students’ academic program as well as any course prerequisites. The articulated CGPA for each program is the normal standard for assessment. Please see the specific degree program sections for the unique admission and continuation requirements for each academic program.

English Language Proficiency
Students admitted to Carleton based on CAEL, IELTS or TOEFL assessments and who are required to take an ESL course must take and pass the Oral Proficiency in Communicative Settings (OPECS) Test. The test must be taken before being permitted to register in COOP 1000. Admission to the co-op program can be confirmed with a minimum score of 4+.

Participation Requirements
Once a student has been given admission or continuation confirmation to the co-op option s/he must complete and pass COOP 1000 (a mandatory online 0.0 credit course). Students will have access to this course a minimum of two terms prior to their first work term and will be notified when to register.

Communication with the Co-op Office
Students must maintain contact with the co-op office during their job search and while on a work term. All email communication will be conducted via the students’ Carleton email account.

Graduation with the Co-op Designation
In order to graduate with the co-op designation, students must satisfy all requirements for their degree program in addition to the requirements according to each co-op program (i.e. successful completion of three or four work terms).

Note: Participation in the co-op option will add up to one additional year for a student to complete their degree program.

Employment
Although every effort is made to ensure a sufficient number of job postings for all students enrolled in the co-op option of their degree program, no guarantee of employment can be made. Carleton’s co-op program operates a competitive job search process and is dependent upon current market conditions. Academic performance, skills, motivation, maturity, attitude and potential will determine whether a student is offered a job. It is the student’s responsibility to actively conduct a job search in addition to participation in the job search process operated by the co-op office. Once a student accepts a co-op job offer (verbally or written), his/her job search will end and access to co-op jobs will be removed for that term.

Students that do not successfully obtain a co-op work term are expected to continue with their academic studies. The summer term is the exception to this rule. Students should also note that hiring priority is given to Canadian citizens for co-op positions in the Federal Government of Canada.

Work Term Assessment and Evaluation
To obtain a Satisfactory grade for the co-op work term students must have:

1. A satisfactory work term evaluation by the co-op employer;
2. A satisfactory grade on the work term report.

Students must submit a work term report at the completion of each four-month work term. Reports are due on the 16th of April, August, and December and students are notified of due dates through their Carleton email account.

Workplace performance will be assessed by the workplace supervisor. Should a student receive an unsatisfactory rating from their co-op employer, an investigation by the co-op program manager will be undertaken. An unsatisfactory employer evaluation does not preclude a student from achieving an overall satisfactory rating for the work term.

Voluntary Withdrawal from the Co-op Option
Students may withdraw from the co-op option of their degree program during a study term ONLY. Students at work may not withdraw from the work term or the co-op option until s/he has completed the requirements of the work term.

Students are eligible to continue in their regular academic program provided that they meet the academic standards required for continuation.

Involuntary or Required Withdrawal from the Co-op Option
Students may be required to withdraw from the co-op option of their degree program for one or any of the following reasons:

1. Failure to achieve a grade of SAT in COOP 1000
2. Failure to pay all co-op related fees
3. Failure to actively participate in the job search process
4. Failure to attend all interviews for positions to which the student has applied
5. Declining more than one job offer during the job search process
6. Continuing a job search after accepting a co-op position
7. Failure to be registered in the Co-op Work Term course
8. Dismissal from a work term by the co-op employer
9. Leaving a work term without approval by the Co-op manager
10. Receipt of an unsatisfactory work term evaluation
11. Submission of an unsatisfactory work term report

Standing and Appeals
The Co-op and Career Services office administers the regulations and procedures that are applicable to all co-op program options. All instances of a student's failure during a work term or other issues directly related to their participation in the co-op option will be reported to the academic department.

Any decision made by the Co-op and Career Services office can be appealed via the normal appeal process within the University.

Registering in Co-op Courses
Students will be registered in a Co-op Work Term course while at work. The number of Co-op Work Term courses that a student is registered in is dependent upon the number of four-month work terms that a student accepts.

Students must be registered as full-time before they begin their co-op job search (2.0 credits). All co-op work terms must be completed before the beginning of the final academic term. Students may not finish their degree on a co-op work term.

International Students
All International Students are required to possess a Co-op Work Permit issued by Citizenship and Immigration Canada before they can begin working. It is illegal to work in Canada without the proper authorization. Students will be provided with a letter of support to accompany their application. Students must submit their application for their permit before being permitted to view and apply for jobs on the Co-op Services database. Confirmation of a position will not be approved until a student can confirm they have received their permit. Students are advised to discuss the application process and requirements with the International Student Services Office.

Co-operative Education - Bachelor of Science
The following programs in the Bachelor of Science Honours offer a co-operative education option:

- Applied Physics, Biochemistry (including computational), Bioinformatics, Biology (including computational), Biotechnology, Chemistry (including computational), Earth Sciences, Environmental Science, Food Science and Nutrition, Geomatics, Neuroscience, Neuroscience and Mental Health, Physical Geography and Physics.

Students in all streams of the Bachelor of Science must successfully complete three (3) work terms to obtain the co-op designation.
Admissions Information

Admission Requirements are for the 2017-2018 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the General Admission and Procedures section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Admission Requirements

Degrees

- Bachelor of Arts (B.A.)(Honours)
- Bachelor of Arts (B.A.)(General)

First Year

For B.A. (General) and B.A. (Honours)

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include a 4U course in English (or French). For applicants whose first language is not English, the requirement of English can also be met under the conditions outlined in the section "English Language Requirements" in the Admissions Requirements and Procedures section of this Calendar.

The cut-off average for admission will be set annually and will normally be above the minimum requirement. Applicants falling slightly below the cut-off average will be considered on an individual basis to determine whether there are special circumstances that would permit their admission. Students who feel that their high school grade average does not reflect their potential may apply to the Enriched Support Program (see the Enriched Support Program section of this Calendar).

Advanced Standing

B.A. (General and Honours) Program

Applications for admission to the second or subsequent years will be assessed on their merits. Advanced standing will be granted only for those courses that are determined to be appropriate.

Direct Admission to the First Year of the Co-op Option

Anthropology and Sociology, Communication and Media Studies, English, European and Russian Studies, French, History, Law, Political Science, Psychology

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Arts Honours with one of the majors listed above;
3. be eligible to work in Canada (for off-campus work placements).

Meeting the above requirements only establishes eligibility for admission to the program. The prevailing job market may limit enrolment in the co-op option. Students should...
also note that hiring priority is given to Canadian citizens for co-op positions in the Public Service Commission.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Admissions Information

Admission Requirements are for the 2017-2018 year only, and are based on the Ontario High School System. Holding the minimum admission requirements only establishes eligibility for consideration. The cut-off averages for admission may be considerably higher than the minimum. See also the General Admission and Procedures section of this Calendar. An overall average of at least 70% is normally required to be considered for admission. Some programs may also require specific course prerequisites and prerequisite averages and/or supplementary admission portfolios. Higher averages are required for admission to programs for which the demand for places by qualified applicants exceeds the number of places available. The overall average required for admission is determined each year on a program by program basis. Consult admissions.carleton.ca for further details.

Degrees

- B.Sc. (Honours)
- B.Sc. (General)
- B.Sc. (Major)

Admission Requirements

Honours Program

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. For most programs including Bioinformatics, Biology, Biochemistry, Biotechnology, Chemistry, combined Honours in Biology and Physics, Chemistry and Physics, Computational Biochemistry, Food Science and Nutrition, Neuroscience, Neuroscience and Mental Health, Nanoscience and Psychology, the six 4U or M courses must include Advanced Functions and two of Biology, Chemistry, Earth and Space Science or Physics. (Calculus and Vectors is strongly recommended).

Specific Honours Admission Requirements

For the Honours programs in Environmental Science, Geography, Geomatics and Earth Sciences, Calculus and Vectors may be substituted for Advanced Functions.

For the Honours programs in Physics and Applied Physics and for double Honours in Mathematics and Physics, Calculus and Vectors is required in addition to Advanced Functions and one of 4U Physics Chemistry, Biology, or Earth and Space Sciences. For all programs in Physics, 4U Physics is strongly recommended.

For the Combined Honours program in Chemistry and Computer Science, 4U Chemistry and Calculus and Vectors are strongly recommended.

For Honours in Psychology, a 4U course in English is recommended.

For Honours in Environmental Science, a 4U course in Biology and Chemistry is recommended.

Advanced Standing

For entry to an Honours program after the completion of 5.0 included credits, a student must have a major CGPA of 5.50 or higher, an overall CGPA of 4.50 or higher and the recommendation of the Honours department or committee. A student beginning the final 10.0 credits towards an Honours degree must present a major CGPA of 6.00 or higher, an overall CGPA of 5.00 or higher and the recommendation of the Honours department or committee. A student beginning the final 5.0 credits towards an Honours degree must present a major CGPA of 6.50 or higher and an overall CGPA of 5.00 or higher, as calculated for graduation. Advanced standing will be granted for studies undertaken elsewhere when these are recognized as the equivalent of subjects offered at Carleton University.

Major Program

General Program

First Year

The Ontario Secondary School Diploma (OSSD) or equivalent including a minimum of six 4U or M courses. The six 4U or M courses must include Advanced Functions and two of Calculus and Vectors, Biology, Chemistry, Earth and Space Science or Physics (Calculus and Vectors is strongly recommended). For the B.Sc. Major in Physics. 4U Physics is strongly recommended. Equivalent courses may be substituted between the old and new Ontario mathematics curriculum.

Advanced Standing

For entry to a General or Major program after the completion of 5.0 included credits, a student must have a major and core CGPA of 3.50 or higher and an overall CGPA of 5.00 or higher, as calculated for graduation. Advanced standing will be granted for studies undertaken elsewhere when these are recognized as the equivalent of subjects offered at Carleton University.

Co-op Option

Direct Admission to the First Year of the Co-op Option

Applicants must:

1. meet the required overall admission cut-off average and prerequisite course average. These averages may be higher than the stated minimum requirements;
2. be registered as a full-time student in the Bachelor of Science Honours program;
3. be eligible to work in Canada (for off-campus work placements).

Note that meeting the above requirements only establishes eligibility for admission to the program. The
prevailing job market may limit enrolment in the co-op option.

Note: continuation requirements for students previously admitted to the co-op option and admission requirements for the co-op option after beginning the program are described in the Co-operative Education Regulations section of this Calendar.

Psychology (PSYC) Courses

PSYC 1001 [0.5 credit]
Introduction to Psychology I
A survey of topics associated with psychology's role as a natural science, including neuroscience, cognition, and learning.
Precludes additional credit for PSYC 1000.
Lecture three hours a week.

PSYC 1002 [0.5 credit]
Introduction to Psychology II
A survey of topics associated with psychology's role as a social science, including social psychology, personality and abnormal psychology.
Precludes additional credit for PSYC 1000.
Prerequisite(s): PSYC 1001.
Lecture three hours a week.

PSYC 2001 [0.5 credit]
Introduction to Research Methods in Psychology
A general introduction to research methodologies employed within contemporary psychology. Topics covered include research designs (experimental, quasi-experimental) and techniques (observations, surveys), basic descriptive statistics, and how to interpret and report research findings.
Precludes additional credit for NEUR 2001 and PSYC 2000 (no longer offered).
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lecture three hours a week and two online laboratories.

PSYC 2002 [0.5 credit]
Introduction to Statistics in Psychology
A general introduction to statistical techniques employed within contemporary psychology. Topics include basic data analysis using descriptive and inferential statistics (t-tests, ANOVA, correlation, chi-square).
Precludes additional credit for NEUR 2002.
Prerequisite(s): PSYC 1001, PSYC 1002, and PSYC 2001.
Lecture three hours a week and two online laboratories.

PSYC 2100 [0.5 credit]
Introduction to Social Psychology
Introduction to contemporary theory and research in social psychology. Areas covered include attitude structure and change, small groups and social learning.
Precludes additional credit for SOCI 2150.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.

PSYC 2301 [0.5 credit]
Introduction to Health Psychology
Using a multidisciplinary approach, this introductory course outlines the reciprocal interactions among physical health and illness, and psychological factors, including emotional well-being, coping and appraisal processes.
Precludes additional credit for PSYC 3406.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures and seminars three hours a week.

PSYC 2307 [0.5 credit]
Human Neuropsychology I
Introduction to the principles and research techniques used to understand the relationships amongst brain, behaviour and cognition in humans. Emphasis will be given to the concepts and methods used to study topics in the core research areas of the Psychology Department.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.

PSYC 2400 [0.5 credit]
Introduction to Forensic Psychology
Forensic psychology, including a critical review of theories, methods, and research findings. Topics covered may include development of offending, eyewitness testimony, victim studies, risk assessment, offender rehabilitation, offender classification, and police studies.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.

PSYC 2500 [0.5 credit]
Foundations of Developmental Psychology
Basic principles of developmental psychology with a concentration on theories and methods. Emphasis is on the psychology of childhood.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.

PSYC 2600 [0.5 credit]
Introduction to the Study of Personality
Introduction to the study of personality. Consideration of problems, methods and theories.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.

PSYC 2700 [0.5 credit]
Introduction to Cognitive Psychology
Introduction to cognitive processes, including a survey of theories, issues, methods and findings. Topics covered may include pattern recognition, attention, imagery, learning (animal and human), memory, language, and thinking.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours a week.
PSYC 2801 [0.5 credit]
Organizational Psychology I
Introduction to the study of individual and group behaviour in organizational settings. Topics may include understanding work-related attitudes, behaviour, motivation, and stress, personnel selection, personality in the workplace, organizational justice, and leadership. Precludes additional credit for PSYC 3105, PSYC 3803 (no longer offered).
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures three hours per week.

PSYC 3000 [1.0 credit]
Design and Analysis in Psychological Research
Techniques in data analysis, probability theory, sampling distribution theory and the ideas and procedures of estimation, classical and Bayesian approaches to hypothesis testing, linear regression and curve fitting, distribution free hypothesis testing, and the analysis of variance methods in experimental design. Limited enrolment. Intended for Honours students in Psychology.
Prerequisite(s): PSYC 2001, PSYC 2002, and third-year standing.
Lectures and tutorial four hours a week.

PSYC 3100 [1.0 credit]
Social Psychology (Honours Seminar)
Analysis of historical and contemporary developments in social psychology theory, research and methodology. Students may be required to complete independent research projects. Intended for Honours students.
Prerequisite(s): enrolment in Honours Psychology with a CGPA of 9.00 or higher in the major; PSYC 2001 and PSYC 2002; one of PSYC 2100, PSYC 2500, or PSYC 2600, and permission of the Department.
Lectures, seminars, and laboratory tutorials six hours a week.

PSYC 3104 [0.5 credit]
Intergroup Relations: The Psychology of Conflict and Violence
In-depth coverage of the social psychology of relations within and between large societal groups. Topics may include social identity, stereotyping, prejudice, and intergroup emotions, with emphasis on their role in promoting conflict and paths to pro-social intergroup relations.
Also listed as SOWK 3103.
Precludes additional credit for PSYC 3103 (no longer offered).
Prerequisite(s): PSYC 2100.
Lectures three hours per week.

PSYC 3106 [0.5 credit]
Close Relationships
A consideration of relationship science, with a focus on social psychological theory and empirical approaches to the study of close relationships such as dating and marital relationships, and friendships. Topics may include relationship initiation, relationship maintenance, and coping with the dissolution of relationships.
Prerequisite(s): PSYC 2100.
Lectures three hours per week.

PSYC 3300 [1.0 credit]
Health and Illness (Honours Seminar)
Theoretical and empirical approaches within the psychology of health and illness. A multidisciplinary perspective includes the interaction of biological, developmental, personality, and social factors and their influence on physical health, well-being, and illness. Students may be required to complete independent research projects.
Prerequisite(s): third-year standing in Honours Psychology with a CGPA of 9.00 or higher in the major; PSYC 2001 and PSYC 2002; one of PSYC 2301 or PSYC 2307; one of PSYC 2100, PSYC 2500, or PSYC 2600, and permission of the Department.
Lectures, seminars, and laboratory tutorials six hours a week.

PSYC 3301 [0.5 credit]
Sport and Performance Psychology
How psychological processes influence outcomes across sport and performance environments. Topics may include self-confidence, goal-setting, arousal regulation, imagery, group dynamics, burnout, injury recovery, and how person and situational factors affect the pursuit of excellence.
Prerequisite(s): PSYC 2100, PSYC 2301, PSYC 2500 or PSYC 2600.
Lectures three hours a week.

PSYC 3302 [0.5 credit]
Positive Psychology
A review of theoretical, historical, and empirical scholarship in positive psychology. Drawing widely across traditional sub-disciplines, content focuses on human strengths, well-being, resilience, and virtue to understand internal, external, and developmental contributors to health and happiness.
Prerequisite(s): one of PSYC 2100, PSYC 2301, PSYC 2500 or PSYC 2600.
Lectures three hours a week.

PSYC 3307 [0.5 credit]
Human Neuropsychology II
Organization of the human cerebral cortex and its relationship to behaviour and thought. Principles of cortical function and techniques used to discover them; assessment of the major functional characteristics of the frontal, temporal, parietal and occipital lobes, cortical asymmetry and brain damage.
Precludes additional credit for PSYC 3207 (no longer offered).
Prerequisite(s): PSYC 2307.
Lectures three hours a week.
PSYC 3400 [1.0 credit]
Forensic Psychology (Honours Seminar)
Theoretical and research methodologies in the study of forensic psychology are examined through a detailed consideration of selected topics. Students may be required to complete independent research projects.
Prerequisite(s): third-year standing in the Honours Psychology program with a CGPA of 9.00 in the Major; PSYC 2001, PSYC 2002, PSYC 2400 and permission of the department.

PSYC 3402 [0.5 credit]
Criminal Behaviour
Psychosocial approaches to the classification and treatment of offenders; theories and research relevant to selected patterns of law breaking and selected offender types; the effectiveness of offender treatment.
Prerequisite(s): one of PSYC 2100, PSYC 2400, or PSYC 2600.
Lectures and seminars three hours a week.

PSYC 3403 [0.5 credit]
Addiction
Neurobiological and social bases of drug and behavioural addictions. Contemporary theoretical approaches to addiction; approaches to current prevention and treatment.
Prerequisite(s): PSYC 1001, PSYC 1002 and one of PSYC 2301, PSYC 2307, PSYC 2400.
Lectures three hours a week.

PSYC 3405 [0.5 credit]
Psychology of Motivation and Emotion
Historical review of the concepts of motivation and emotion. Examination of such current concepts as anxiety, stress and depression, among the emotions, and obesity, sexual behaviour and the need to achieve, among the motivations.
Prerequisite(s): PSYC 1001 and PSYC 1002.
Lectures and seminars three hours a week.

PSYC 3500 [1.0 credit]
Developmental Psychology (Honours Seminar)
The major theoretical and empirical approaches within developmental psychology are examined through a detailed consideration of selected topics. Students may be required to complete independent research projects. Intended for Honours students.
Prerequisite(s): third-year standing in the Honours Psychology program with a CGPA of 9.00 or higher in the Major; PSYC 2001, PSYC 2002, PSYC 2500, and permission of the Department.
Lectures, seminars and laboratory tutorials six hours a week.

PSYC 3505 [0.5 credit]
Exceptional Children
An overview of childhood exceptionalities including intellectual differences, communication disorders, sensory and physical impairments, developmental and behavioural problems.
Prerequisite(s): PSYC 2500.
Lectures and seminars three hours a week.

PSYC 3506 [0.5 credit]
Cognitive Development
Human cognitive development is examined with a focus on memory, thinking and language through the life span. Topics may include perceptual and language development, emergent literacy, development of strategies and development of reading and arithmetic skills.
Prerequisite(s): PSYC 2500 or PSYC 2700.
Lectures three hours a week.

PSYC 3507 [0.5 credit]
Social Development
The development of the individual is examined with a focus on social cognition and social behaviour. Topics may include the role of temperament in development, the role of parents, siblings and peers in social/emotional development, the development of prosocial and aggressive behaviour, moral development and the development of self and other understanding.
Prerequisite(s): PSYC 2500.
Lectures three hours a week.

PSYC 3508 [0.5 credit]
Child Language
Milestones associated with the development of grammatical, pragmatic and metalinguistic competence from birth to about age ten, and the relative contributions of the environment, cognitive development and inborn knowledge to this development. Also listed as LING 3603.
Precludes additional credit for LALS 2603 (no longer offered).
Prerequisite(s): LALS 1000 or LALS 1001 or LING 1001 or PSYC 2700 and second-year standing, or permission of the instructor.
Lectures three hours per week.

PSYC 3509 [0.5 credit]
Adolescence and Emerging Adulthood
The physical, cognitive, social and moral development of adolescents and emerging adults in multiple contexts including family, peers, media and culture. Major theories and contemporary issues and concerns.
Prerequisite(s): PSYC 2500.
Lectures three hours a week.

PSYC 3600 [1.0 credit]
Personality (Honours Seminar)
Theories of personality and current controversies in the research literature. Research questions are developed and addressed by designing and conducting experiments to find answers to issues in personality psychology.
Prerequisite(s): third-year standing in the Psychology Honours program with a CGPA of 9.00 or higher in the Major; PSYC 2001, PSYC 2002, and PSYC 2600, and permission of the Department.
Lectures, seminars and laboratory tutorials six hours a week.
PSYC 3603 [0.5 credit]  
**Psychology of Women**  
An examination of the literature on the psychology of women. Topics to be considered include: theories of female personality development, sex differences in ability and personality, biological influences on female behaviour, female sexuality, sex roles, women's roles throughout the life span.  
Prerequisite(s): one of PSYC 2100, PSYC 2500, or PSYC 2600.  
Lectures three hours a week.

PSYC 3604 [0.5 credit]  
**Clinical Psychology and Mental Illness**  
History of the concept of mental illness. Theory and selected research dealing with the nature and etiology of mental illness.  
Prerequisite(s): PSYC 2600 or PSYC 2500.  
Lectures three hours a week.

PSYC 3606 [0.5 credit]  
**Issues in Personality**  
Topics selected from areas of interest in Personality. When offered, detailed topic descriptions are available from the departmental office prior to registration.  
Prerequisite(s): PSYC 2001, PSYC 2002, and PSYC 2600.  
Lectures three hours a week.

PSYC 3700 [1.0 credit]  
**Cognition (Honours Seminar)**  
Issues and research methodologies in the study of cognitive processes involved in perception, attention, language, reasoning, problem solving, decision making, human learning, and memory. Major theoretical issues and empirical studies are explored.  
Prerequisite(s): third-year standing in the Honours Psychology program with a CGPA of 9.00 in the Major; PSYC 2001, PSYC 2002, PSYC 2700, and permission of the Department.  
Lectures, seminars, and laboratory tutorials six hours a week.

PSYC 3702 [0.5 credit]  
**Perception**  
A consideration of data and theory concerning perceptual processes. Discussion of psychophysical methodology, perception of form and space and perceptual learning.  
Precludes additional credit for NEUR 3202.  
Prerequisite(s): PSYC 1001 and PSYC 1002.  
Lectures three hours a week.

PSYC 3709 [0.5 credit]  
**Language Processing and the Brain**  
Introduction to adult language processing and neurolinguistics. Psychological processes underlying speech production and perception, word recognition and sentence processing. Biological foundation and neuro-cognitive mechanisms of language. Experimental techniques and methodologies of current psycholinguistic studies.  
Also listed as LING 3601.  
Precludes additional credit for LALS 2601 and LALS 3601 (no longer offered).  
Prerequisite(s): LALS 1000 or LALS 1001 or LING 1001 or PSYC 2700 and second-year standing, or permission of the instructor.  
Lectures three hours a week.

PSYC 3710 [0.5 credit]  
**Introduction to Human Factors**  
Theoretical foundation, philosophy and practical application of techniques for analyzing from a psychological perspective how people interact with designed environments. A major goal is to determine how these environments should be designed to suit human capabilities.  
Precludes additional credit for PSYC 2800 (no longer offered).  
Prerequisite(s): PSYC 2001 and PSYC 2002.  
Lecture three hours a week.

PSYC 3801 [0.5 credit]  
**Organizational Psychology II**  
Advanced coverage of the current theory and practices in Organizational Psychology. Selected topics may include workplace socialization, job attitudes, deviant work behaviours, leadership, teams and group dynamics, work-related stress and health, and organizational change and development.  
Prerequisite(s): PSYC 2801.  
Lectures three hours per week.

PSYC 3802 [0.5 credit]  
**Transition to Career**  
Examines traditional and current models in career psychology. Topics may include the concepts of change and transitions, self-assessments, vocational psychology, and workplace onboarding. Students will have the opportunity to examine their personal and professional transition from university to the work world.  
Prerequisite(s): third or fourth year standing in Psychology.  
Lectures and seminars three hours a week.
Organizational Psychology (Honours Seminar)
This course provides the opportunity for an in-depth study and analysis of organizational psychology theory and research. Major theoretical issues, controversies and empirical approaches are explored, and developments in theory, research and methodology are discussed. 
Prerequisite(s): third-year standing in Honours Psychology with a CGPA of 9.0 or higher in the major; PSYC 2001 and PSYC 2002; one of PSYC 2100 or PSYC 2801, and permission of the Department.
Lectures, seminars and tutorials, 6 hours per week.

Practicum in Community Psychology
Through seven-hour-a-week field placements and regular class forums, students pursue personal learning objectives concerning the application of psychology within the community. A term paper integrates experiential knowledge gained in the placement with theoretical and empirical knowledge gained from the literature review.
Prerequisite(s): open to third- and fourth-year Psychology students with permission of the Department.

Co-operative Work Term
Co-operative Work Term.

Special Topics in Psychology
Each section of PSYC 4001 deals with a different topic. Topics change yearly. Students may register in more than one section of PSYC 4001 but can register in each section only once.
Prerequisite(s): each section will have its own.
Lectures three hours a week.

Origins of Modern Psychology
An overview of the evolution of psychology, with an emphasis on psychology as a specialized area of knowledge and practice in the late-nineteenth and twentieth centuries. Topics covered may include the history of a particular period, content area, or cultural context.
Precludes additional credit for PSYC 2003.
Prerequisite(s): third or fourth-year standing in a Psychology Honours program.
Lectures and seminars three hours per week.

Police Psychology
Critical examination of theory and empirical research in the area of police psychology. Topics covered may include police culture, police selection, police suicide, police personality, stress debriefing, fitness evaluations, police training, crisis negotiations, and investigative techniques.
Prerequisite(s): PSYC 2400 and third- or fourth-year standing.
Lecture and seminar three hours per week.

Female Offenders
Feminist and social learning approaches to the assessment and treatment of female offenders. Theories and research relevant to selected patterns of law breaking and selected female offender types.
Prerequisite(s): PSYC 3402 and third- or fourth-year standing.
Seminars three hours a week.

Sex Offenders
Theory and research concerning the etiology and maintenance of sexual offending; assessment, treatment, and management of sex offenders. Introduction to fundamental issues and controversies in the area.
Prerequisite(s): PSYC 2400, PSYC 3402, and third- or fourth-year standing.
Seminars three hours a week.

Advanced Topics in Developmental Psychology
Discussion of important current research in developmental psychology. In-depth exploration of theoretical and empirical issues related to selected topics in developmental psychology. The specific content for this course will vary from year to year.
Prerequisite(s): fourth-year standing, and one of PSYC 3500, PSYC 3505, PSYC 3506 or PSYC 3507.
Lecture and seminar three hours a week.

Advanced Topics in Cognitive Psychology
In-depth exploration of theoretical and empirical issues related to selected topics in cognitive psychology. The specific content for this course will vary from year to year.
Prerequisite(s): fourth-year standing, and one of CGSC 3201, PSYC 2700, PSYC 3307, PSYC 3506, PSYC 3508, PSYC 3700, PSYC 3702, or PSYC 3709.
Lecture and seminar three hours a week.

Aspects of Product Design Methodology
Important issues in designing successful computerized products, including design guidelines, usability testing and user-needs analysis. Experienced designers and researchers from industry participate. Also listed as IMD 3001.
Prerequisite(s): third-year standing.
Lectures three hours a week.
PSYC 4801 [0.5 credit]
Occupational Health Psychology
The application of psychological knowledge to enhance employee physical and mental health, safety and well-being, and more broadly, to enrich organizational life. Students will be able to learn and analyze critically the relevant methodological, theoretical, and empirical Occupational Health Psychology literature.
Prerequisite(s): third or fourth-year standing and one of PSYC 2100, PSYC 2301, or PSYC 2801.
Seminars three hours a week.

PSYC 4900 [0.5 credit]
Independent Study
A reading or research course for selected students who wish to investigate a particular topic of interest. Normally students may not offer more than one credit of independent study in their total program.
Prerequisite(s): Third or fourth-year standing and permission of the Department.

PSYC 4902 [0.5 credit]
Independent Study
A reading or research course for selected students who wish to investigate a particular topic of interest. Normally students may not offer more than one credit of independent study in their total program.
Prerequisite(s): Third or fourth-year standing and permission of the Department.

PSYC 4907 [1.0 credit]
Thesis for B.Sc. with Honours in Psychology
Open to all candidates for the B.Sc. degree with Honours in Psychology. A thesis project is conducted under the direct supervision of a Faculty Adviser from the Department of Psychology.
Precludes additional credit for PSYC 4906.
Prerequisite(s): fourth-year Honours standing in Psychology with a major CGPA of 9.0; PSYC 3000; one of PSYC 3100, PSYC 3300, PSYC 3400, PSYC 3500, PSYC 3600, or PSYC 3700, or PSYC 3805; and permission of the Department.
Lectures as scheduled by the instructor; other hours as arranged with the Faculty Adviser.

PSYC 4908 [1.0 credit]
Thesis for B.A. with Honours in Psychology
Open to all candidates for the B.A. (Honours) in Psychology. A thesis project is conducted under the direct supervision of a Faculty Adviser from the Department of Psychology.
