# **Political Economy**

- M.A. Political Economy
- M.A. Political Economy with Specialization in African Studies (Specialization requirements listed under African Studies (https:// currcalendar.carleton.ca/grad/gradprograms/ africanstudies))
- Ph.D. with Specialization in Political Economy

# **M.A. Political Economy**

# About the Program

The interdisciplinary nature of the M.A. Political Economy is designed to offer students an exposure to the core concepts of political economy and an opportunity to develop individual areas of research concentration. The program focuses on investigating the relationship between the economy and politics as they affect the social and cultural life of societies, and secondly, focuses on the historical processes whereby social change is located in the interaction of the economic, political, cultural, and ideological moments of social life. The curriculum includes courses with a political economy orientation offered by other departments, schools, and institutes.

### **Academic Regulations**

See the General Regulations (http://www.carleton.ca/ calendars/2012-13/grad/gradregulations) section of this Calendar.

All master's candidates must maintain B standing or better (GPA of 8.0). A candidate may, with the recommendation of the Institute and the approval of the Dean of the Faculty of Graduate Studies and Research, be allowed a grade of C+ in 0.5 credit.

### **Admission Requirements**

The normal requirement for admission to the master's program is B.A.(Honours), with at least high honours standing, in one of the disciplines represented in the Institute. Prospective applicants without such qualifications may be considered for admission if they have both a strong academic record and relevant work experience.

### **Program Requirements**

The Master of Arts in Political Economy is a 5.0 credit program, one of which may be at the 4000- (honours undergraduate) level. Each candidate, in consultation with the Institute, must select and follow one of two optional patterns:

#### Thesis

Thesis equivalent to 2.0 credits and an oral examination of the thesis **Research Essay** Research essay equivalent to 1.0 credit

and an oral examination of the research essay

Whichever pattern is selected, all students in the Institute are required to take PECO 5000 and PECO 5001, two 0.5-credit seminars offered by the Institute.

# Ph.D. with Specialization in Political Economy (Collaborative Program)

# About the Program

The Collaborative Ph.D. with a Specialization in Political Economy is especially designed for doctoral students in participating programs in the Faculties of Arts and Social Science and Public Affairs and Management who wish to enrich their training in a particular discipline or area of study by developing a political economy approach through interdisciplinary dialogue.

The following units participate in the Collaborative Program in Political Economy:

- School of Canadian Studies (https:// currcalendar.carleton.ca/grad/gradprograms/ canadianstudies)
- Department of Geography (https:// currcalendar.carleton.ca/grad/gradprograms/geography)
- Department of History (https://currcalendar.carleton.ca/ grad/gradprograms/history)
- Department of Law and Legal Studies (https:// currcalendar.carleton.ca/grad/gradprograms/ legalstudies)
- Department of Political Science (https:// currcalendar.carleton.ca/grad/gradprograms/ politicalscience)
- School of Public Policy and Administration (https:// currcalendar.carleton.ca/grad/gradprograms/ publicadministration)
- School of Social Work (https://currcalendar.carleton.ca/ grad/gradprograms/socialwork)
- Department of Sociology and Anthropology (https:// currcalendar.carleton.ca/grad/gradprograms/sociology)

### **Academic Regulations**

See the General Regulations (http://www.carleton.ca/ calendars/2012-13/grad/gradregulations) section of this Calendar.

### **Admission Requirements**

Students who are enrolled in a doctoral program in one of the participating units may apply to the Institute of Political Economy for admission to the Collaborative Program. Admission to the program is determined by the Program Committee and will normally take place before the end of the first year of registration in one of the participating doctoral programs.

Admission requirements to the Collaborative Ph.D. with a Specialization in Political Economy are:

- Registration in the Ph.D. program of one of the participating units;
- Registration in, or successful completion of, at least one course or comprehensive field with political economy content. This will normally be a course offered by the

student's home unit but could also be selected from appropriate courses in other units. See Selection of Courses for a list of acceptable courses;

 Selection of a thesis topic with political economy content. The Program Committee will determine, in consultation with the supervisor, if the political economy content of the thesis meets the requirements of the Collaborative Program.

### **Program Requirements**

Students enrolled in the Collaborative Program in Political Economy must meet the requirements of their respective home units as well as those of the Collaborative Program. The requirements of the Collaborative Program do not, however, add to the number of credits students are required to accumulate by their home unit and the credit value of the degree remains the same.

The requirements of the Collaborative Program are:

- 1. 0.5 credit in PECO 6000 (http://www4.carleton.ca/ calendars//grad/current/courses/PECO/6000.html) Political Economy: Core Concepts
- 2. In addition, the following requirement(s) specific to the doctoral programs of the supporting units:
  - Anthropology: a relevant political economy course from the approved list (0.5 credit)
  - Canadian Studies: a relevant political economy course from the approved list (0.5 credit) or the comprehensive in the major field of Policy, Economy and Society
  - Geography: PECO 6000 replaces GEOG 6003 or GEOG 6004 (0.5 credit), the field seminar The Geography of Societal Change, and students must register in GEOG 6906 [0.0].
  - History: HIST 6701 (0.5 credit) Directed Studies
    History and Political Economy, or a relevant political economy course from the approved list (0.5 credit). The combination of the two courses will be considered as the second minor field of the student.
  - Legal Studies: a relevant political economy course from the approved list (0.5 credit).
  - Political Science: a relevant political economy course from the approved list (0.5 credit).
  - Public Policy and Administration: a relevant political economy course from the approved list (0.5 credit).
  - Social Work: a relevant political economy course from the approved list (0.5 credit).
  - Sociology: a relevant political economy course from the approved list (0.5 credit) or part of comprehensive preparation in the sub-field of political economy.
- Submission and successful defence of a doctoral thesis on a political economy topic in the participating unit. The proposed topic must be approved by the student's home unit and by the Program Committee.

At least one of the student's advisors or members of the examining committee will be selected from among the core faculty for the Collaborative Program.

# Selection of Courses

In addition to the graduate courses offered by, or associated with, the Institute, the courses listed below are relevant to students of political economy and would, with the prior approval of the Institute, be used to design a coherent and internally complementary set of courses to fulfill degree requirements. The list is not exclusive and is subject to change. Moreover, students in the Master's program may select 1.0 credit in political economy that is offered at the 4000-level.

**Note:** the number of spaces in graduate courses offered by other departments may be limited, and registration may be conditional upon obtaining the prior approval of the department concerned. It is the student's responsibility to ensure that permission is obtained from the appropriate department prior to registering in any of the following courses.

The Institute expects to attract high quality graduate students who will be likely to continue to a second postgraduate degree. Master's students will be directed to consult with the department where they might wish to pursue doctoral studies so that they may select courses that will prepare them for this next stage.

# **Political Economy (PECO) Courses**

#### PECO 5000 [0.5 credit] Theories of Political Economy

A survey of the core concepts and ideas proposed by both the founders and modern practitioners of political economy. Particular attention will be paid to contemporary theorists and classical theorists such as Smith, Ricardo, Marx, Mill, Schumpeter, Keynes, Veblen, and Innis.

### PECO 5001 [0.5 credit]

#### The Methodology of Political Economy

An examination of the methods, procedures, and rules for developing theory and guiding inquiry in political economy research, including topics such as logic of inquiry, conceptualization, research design, dialectics, level of analysis, comparison, evidence and statistics.

#### PECO 5501 [0.5 credit]

Selected Problems in Political Economy I Also listed as SOCI 5504 and PSCI 5501.

#### PECO 5502 [0.5 credit]

**Selected Problems in Political Economy II** Also listed as SOCI 5505 and PSCI 5502.

# PECO 5900 [0.5 credit]

# **Tutorial in Political Economy**

Directed readings on selected aspects of political economy, involving preparation of papers as the basis for discussion with the tutor. Offered when no regular course offering meets a candidate's specific needs. Prerequisite(s): permission of the Director.

# PECO 5907 [0.5 credit]

# Placement in Political Economy

This course offers an opportunity to earn academic credit by engaging in research activities under the supervision of professional researchers in the community. Placement possibilities may be initiated by the student or arranged through community contacts established by the Institute of Political Economy. Course normally to be taken once only. Prerequisite(s): permission of the Director.

#### PECO 5908 [1.0 credit] Research Essay

Directly linked to the student's course work, the research essay must be interdisciplinary in approach.

#### PECO 5909 [2.0 credits] M.A. Thesis

The thesis is an alternative to the research essay. It must also be interdisciplinary in approach, and requires greater substance and originality than the Research Essay. Normally, a student's thesis committee will be composed of members from more than one discipline.

#### PECO 6000 [0.5 credit] Political Economy: Core Concepts

Core concepts in political economy, drawn from classical and contemporary writings. Topics will be selected in consultation with participating units, taking into account the potential number of students, their research interests and those of the participating units.

**Summer session**: some of the courses listed in this Calendar are offered during the summer. Hours and scheduling for summer session courses will differ significantly from those reported in the fall/winter Calendar. To determine the scheduling and hours for summer session classes, consult the class schedule at central.carleton.ca

Not all courses listed are offered in a given year. For an up-to-date statement of course offerings for the current session and to determine the term of offering, consult the class schedule at central.carleton.ca
