Language Requirement

Students in both the BGIInS Honours and BGIInS General programs must satisfy the language requirement. The language requirement may be satisfied in one of two ways:

1. By course work

Students who lack second language skill upon entry, or who wish to learn a new language, can satisfy the language requirement by satisfactorily completing language instruction courses in a modern language other than English up to an intermediate level. In most cases, this means completing the equivalent of two years (2.0 credits) of university-level language study. Listed below are the specific Carleton language instruction courses

which satisfy the BGIInS language requirement. Courses taken at other institutions may also be used to meet the language requirement, as long as they are accepted by the Department of French or the School of Linguistics and Language Studies as being equivalent to, or at a higher level than, the courses specified below.

2. By demonstrating prior language proficiency

Students who already have intermediate or higher second language skills upon entry may be exempted from taking language courses. Students who wish to be exempted from taking language courses must apply for an exemption to the Program Director using the form available on the BGIInS website. Each application will be treated on its merits, but the following general guidelines apply:

- Secondary school language of instruction: Students whose secondary school transcripts show that their primary language of instruction in secondary school was a language other than English may be exempted from taking language courses.
- French immersion: Students who have successfully completed Grade 12 French immersion or the

equivalent at a Canadian high school may be exempted from taking language courses.

- Proficient speakers: Students who do not qualify under either of the first two categories, but who nonetheless consider themselves proficient speakers of a language other than English, may be exempted from having to take language courses. For languages taught at Carleton, “proficiency” means a level at least equivalent to completion of one of the designated language courses listed above. For languages not taught at Carleton, “proficiency” means a level at least equivalent to two full years of university level language study. Proficiency may be demonstrated either through documentation (e.g. certification from a recognized language testing authority) or through testing. For languages not taught at Carleton, availability of a test depends upon faculty resource availability.

Note: For students enrolled in one of the geographically-defined regional Specializations or Streams, only certain languages relevant to that region of the world may be used to satisfy the language requirement. See the program requirements in each of the regional Specializations and Streams for further details.
