**Selection of Courses - African Studies**

The courses listed below are relevant to students of African Studies and could, with the approval of the specific requirements of the units involved, be used as courses to help fulfill degree requirements. There are also often graduate courses and 4000-level courses in a number of units at Carleton that are offered on an ad hoc basis that have significant content appropriate to African Studies. To have any such course count towards their degree requires approval of the Director of the Institute of African Studies when it is being offered.

Comprehensive Examinations
In addition to their course requirements, doctoral candidates are required to write two comprehensive examinations each worth 1.0 credit. The first comprehensive examination (COMS 6900) is closely related to the course materials in the doctoral seminar (COMS 6000) and is conducted by the instructors of COMS 6000 in May following completion of the seminar. To be eligible for the first comprehensive, candidates must have a GPA of 9.0 or higher on their previous course work, including COMS 6000. Students who fail the first comprehensive may be asked to withdraw from the program.

The second comprehensive examination (COMS 6901) is normally completed during the second year of the program and tests the student’s in-depth knowledge of one field of study. It is conducted by the student’s supervisor and advisory committee and involves examination of an approved project related to the chosen field. Before taking the second comprehensive examination, students must have completed all of their course work with a GPA of 9.0 or higher and have satisfactorily completed COMS 6900. The second comprehensive is expected to be completed no later than two years or six terms after initial full-time registration, or four years or 12 terms after initial part-time registration. Students who do not fulfill this requirement within the prescribed time period may be asked to withdraw from the program.

Regulations
See the General Regulations section of this Calendar.
A standing of B- or better must be obtained in each credit counted towards the master’s degree.

Regulations
See the General Regulations section of this Calendar.
A standing of B- or better must be obtained in each course counted towards the Ph.D. degree.

Admission
The minimum requirement for admission to the master’s program is a B.A.(Honours) degree or the equivalent, with high honours standing in communication or a related discipline. Related disciplines may include sociology, political science, film studies, and Canadian studies.

Applicants without a background in communication studies may be required to take certain designated courses from the undergraduate Communication program in addition to their regular program.

Possession of the minimum entrance standing is not in itself, however, assurance of admission into the program.

Applicants who lack an Honours degree but who have a 3-year degree with honours standing (a minimum B standing overall) may be considered for admission to a qualifying-year program. Students who complete the qualifying year with high honours standing may be considered for admission to the master’s program in the following year. Refer to the General Regulations section of this Calendar for regulations governing the qualifying year.
Admission
The normal requirement for admission into the doctoral program is a master's degree (or the equivalent) in communication or a cognate field such as journalism studies, with an overall average of B+ or better.
Applicants who have deficiencies in certain areas may be admitted to the Ph.D. Program, but will normally be required to complete additional course work.
