**Course Selection**

Within the scope of the regulations, 4000-level undergraduate courses may be taken by M.A. students. Students are also encouraged to look for graduate courses at Carleton in the Departments of Economics, Geography, History, Law, Philosophy, and Sociology and Anthropology; the Schools of Business, Journalism and Communication, Public Administration, and the Norman Paterson School of International Affairs; and in the Institutes of European and Russian Studies, and Political Economy. Students may also look for courses in the Graduate School of Public Policy and International Affairs and the School of Political Science at the University of Ottawa.

All courses selected will be subject to the approval of the Department, on grounds of appropriateness to the program of study and the avoidance of excessive overlap between courses.

**Ph.D. Political Science (5.0 credits)**

Details on all program requirements are provided in the departmental Guidelines for Ph.D. Candidates. The student may choose to take a maximum of 0.5 credit outside the Department of Political Science.

**Requirements:**

Full-time students are normally required to complete the comprehensive examinations within 24 months of entering the program.

3. Proficiency in a research skill, as outlined below under Research Skill Requirement

4. 1.0 credit in electives at the graduate level, normally taken during the first or second year of the program, in fields allied to the major topics of the thesis. ---

**Defences**

In the case of the student choosing a thesis, the thesis will be evaluated by three people: the student's thesis supervisor from the Department, a second reader from the Department, and an internal third reader who is generally from another Carleton Department but may sometimes come from outside the University. A thesis must be defended orally before the three evaluators. No letter grade is assigned, but notations of Pass with Distinction, Satisfactory, and Unsatisfactory are assigned.

In the case of the student choosing a research essay, that essay will be evaluated by two of the Department's faculty members including the supervisor and a second reader, and a letter grade will be assigned. An oral defence of the essay is not required but may be requested by the supervisor or second reader.

**Co-op Option**

A co-op option is available to full-time students in the M.A. program. Students are eligible to apply for co-op after passing or receiving advanced standing for five half credits (2.5 credits), and completing one academic term of full-time study in the Political Science program. Students admitted to this option must satisfactorily complete two work terms in order to graduate with a co-op designation on their transcripts. These work terms are four months in duration and locate students in government departments or other organizations in order to work at a junior officer level. The coordination of the work terms is done by the University's Co-op office. While on a work term, the Co-op Office will register students in PSCI 5913.

**Washington Center Internship Program**

The Washington Center Internship Program is open to full-time master's students who have completed at least two terms of study at Carleton. Admission is open to students with at least a 9.5 GPA in Political Science graduate courses. Successful completion of the program satisfies the requirements for one term of full-time study (1.5 credits). Students spend one term (fall, winter or summer) in Washington, D.C. Regulations

See the General Regulations section of this Calendar.

All master's candidates must obtain a B standing or higher (GPA 8.0). One grade of C+ may be allowed.

Admission

The normal requirement for admission to the master's program is B.A.(Honours) (or the equivalent) in Political Science, with at least high honours standing.

The Faculty of Graduate and Postdoctoral Affairs requires applicants whose native language is not English to be tested for proficiency in English. Applicants to the Political Science graduate program must meet the General Regulations requirements.

It is anticipated that candidates will enter having taken some political theory at the undergraduate level. Those who have not will be required to take PSCI 5310 History of Political Thought. This 0.5 credit counts toward the normal MA program requirements of 5.0 credits.

Honours graduates in fields other than political science will be considered on the basis of their academic background and standing, and will be judged on a case-by-case basis. Those with only minor deficiencies may be required to take certain specified courses, while others whose degrees are less closely related to political science may be required to register in the qualifying year, at the discretion of the Department. Graduates of three-year programs in political science will be required either to complete the fourth year of an honours degree and reapply, or register in the qualifying year, depending on work completed to date and academic standing. The qualifying year is intended only for those students (with at least an 8.0 grade point average) whose universities do not offer an Honours degree or for graduates in other fields who did not major in political science. The qualifying year program is not intended to be a method for improving a student's undergraduate record. Admission to the qualifying-year program does not imply automatic admission to the master's program.

Accelerated Pathway

The accelerated pathway in the Department of Political Science is a flexible and individualized plan of graduate study. Students in their final year of a Carleton B.A. Honours degree in Political Science with demonstrated academic excellence and aptitude for research may qualify for this option.
Students in their third year of study in the B.A. Honours degree in Political Science should consult with both the Undergraduate Supervisor and the Graduate Supervisor to determine if the accelerated pathway is appropriate for them and to discuss the selection of courses for their final year of undergraduate studies.

**Accelerated Pathway Requirements**

1. At least 0.5 credit in PSCI courses at the 5000 level with a grade of B+ or higher.
2. Minimum overall CGPA of 10.5.

Students may receive advanced standing with transfer of credit of up to 1.0 credit which can reduce their time to completion.

**Admission**

The Ph.D. program in political science normally will be undertaken on a full-time basis. However, in cases of exceptional merit, the Department may accept a few candidates for the degree on a part-time basis.

The normal requirement for admission to the Ph.D. program is a master's degree (or its equivalent) in political science with high honours standing or better.

It is anticipated that Ph.D. candidates will enter having taken some political theory at the undergraduate level, regardless of their desired field of specialization. Those who have not will be required to take PSCI 5310 History of Political Thought. This 0.5 credit counts toward the normal Ph.D. program requirements of 10.0 credits.

The Faculty of Graduate Studies and Postdoctoral Affairs requires applicants whose native language is not English to be tested for proficiency in English. Applicants to the Political Science graduate program must meet the General Regulations requirements.

Upon entry to the program, each Ph.D. candidate will be assigned a faculty member to advise them on their studies. Students’ programs, including the choice of supervisor and the thesis committee, must be approved by the Department. The thesis supervisor will normally be chosen from among faculty members in the Department of Political Science. Upon approval of the thesis supervisor and the Department, committee members may be chosen from elsewhere within the University.
